Work Experience

Developer, Karnataka Digital Economy Mission

July 2024 - Present

- Developing an admin panel for the Karnataka Digital Economy Mission (KDEM) to manage the incubation process, utilizing Vue.js, Node.js, Azure, and Firebase.
- Contributing to the Karnataka Startup Ecosystem Impact Management Portal to measure the impact of Innovation Hubs supported by KDEM.
- Implementing features to track and visualize startup ecosystem metrics using Vue.js and Node.js.

Developer Trainee, GlobeTX

Oct 2023 - Mar 2024

- Developed a comprehensive dashboard for ICAP using Node.js and React.js, integrating real-time mutual fund data from the AMFI website.
- Created an interactive medical admin panel for Manipur State, processing data from a medical device API and visualizing interactive patient information.
- Gained proficiency in Node.js, React.js, Next.js, and AWS EC2 instances through hands-on project work.

Projects

Karnataka Digital Economy Mission (KDEM)

- Developing an admin panel to measure the impact of Innovation Hubs.
- Implementing features using Vue.js, Node.js, Azure, and Firebase.

CMHA Manipur Health App

- Created a medical dashboard using React.js to display patient data fetched from a medical device API.
- Integrated Google Maps API to visualize patient locations across Manipur state.
- Implemented real-time data updates and filtering capabilities for efficient information access.

ICAP Admin Panel

- Developed a full-stack application using Node.js (backend) and React.js (frontend) to manage mutual fund data.
- Designed an intuitive user interface for efficient data visualization and management.
- Utilized MongoDB for data storage and implemented user authentication and authorization.

Skills

Programming Languages

- Javascript
- Typescript

Frameworks & Libraries

- Node.js
- Express
- React.js
- Next.js

Styling

- Tailwind CSS
- Bootstrap

Database

- MongoDB
- MySQL

Cloud Services

- AWS EC2
- Azure VM
- Firebase

Version Control

- Git, GitHub

Education

Bachelor of Computer Science

Sinhgad college of science
Pune, Maharashtra

Graduation Year: **2023**

CGPA: **8.55**

Languages

- English (Fluent)
- Hindi (Native)
- Marathi (Native)
